| Parameter  | Value   |
|--|---|
| <b>Short Description</b><br>What this dataset is about                                     | This dataset records national-level expenditure on research and development in India, broken down by sub-sector of economic activity, for the period 2005-06 to 2009-10.  |
| <b>Long Description / About Dataset</b><br>Brief detailed insight into dataset content/use | The dataset is part of the “National R&D Expenditure in Relation to Economic Activity” catalog. It captures how research and development spending in India was allocated across different economic sub-sectors during 2005-06 to 2009-10. The dataset helps in understanding the distribution of research and development investment over time and across sub-sectors — providing a basis for analysis of trends in public and private research and development funding, sector-wise priorities, and changes in research and development intensity relative to economic activity. |
| <b>Purpose</b><br>Why this dataset was created   | To provide a breakdown of national Research and Development expenditure by sub-sector and enable analysis of how research funding was distributed across economic activities during 2005-06 to 2009-10.   |
| <b>Author</b><br>Dataset creator and maintainer  | Ministry of Science and Technology, Department of Science and Technology (DST)  |
| <b>Dataset Type</b><br>Format and structure of dataset provided                            | Structured  |
| <b>Year Range</b><br>Time period covered by the dataset                                    | N.A.  |
| <b>Primary Key / Indicator</b><br>Unique identifier for dataset records                    | N.A.  |
| <b>Hosted / Redirected</b><br>Platform where the dataset is stored                         | redirected  |
| <b>Sector</b><br>Industry domain and application area                                      | Science, Technology and Research  |
| <b>License</b><br>Usage rights and restrictions  | Open Government License, India  |
| <b>Source Organization</b><br>Original data provider organization                          | IndiaAI   |

| Parameter   | Value                |
|---|----------------------|
| <b>Frequency</b><br>How often the dataset is refreshed                          | Static               |
| <b>Date &amp; Time</b><br>Last modification timestamp                           | Mon Dec 08 2025      |
| <b>Category</b><br>Data organization and format type                            | Primary              |
| <b>If redirection which source</b><br>Original data provider organization       | Open Government Data |
| <b>Geographical Coverage</b><br>Geographic scope of the dataset                 | India                |
| <b>Uploaded by</b><br>Uploader of this dataset file                             | Durgavati Kumari     |
| <b>Time Granularity</b><br>Data's time based detail level                       | Annually             |
| <b>Visibility</b><br>Who can view this dataset                                  | Open                 |
| <b>Data Collection Method</b><br>How, when and from where the data was gathered | N.A.                 |
| <b>Data Quality Score</b><br>Machine learning readiness assessment              | ☆☆☆☆☆                |
